

TOP SHOW MUSIC

"MY VERY FIRST CONCERT AND BEYOND"

2025

CELLO

A Band development album of tunes using three, four or five notes and; beyond.

Inspired by the "Bayside Beginners' Music Camp", this collection of very easy tunes for a "first" concert performance, is playable by any size group with any combination of instruments.

Fingering diagrams, lyrics for songs and explanations of signs and terminology are included.

SOME ELEMENTARY TERMS AND SIGNS

STAVE - The five lines and four spaces in between which and upon which our music is written.

BAR LINES - the vertical lines which divide the stave into segments

END BAR LINE - The very last one has an extra and thicker bar line.

BAR - a segment of the stave between two bar lines.

DOUBLE BAR LINE - to draw our attention to something extra special, two bar lines are drawn at the end of that bar.

 **G (or Treble) Clef** - It is an old way of writing the letter "G". Can you see the similarity to today's "G" or "g" Because it is drawn by starting around the 2nd. bottom line, this line is thus called G
All other lines and spaces are named in alphabetical order using only the first seven letters - thus after G, we start again at A

The names of the spaces spell the word **FACE**

For line names, remember the sentence
Every Good Boy Deserves Favour.
CAN YOU MAKE UP SOME OTHERS?

You can use your hand to help remember these names -
Just like the stave has five lines, your hand has five fingers (including the thumb).
Between these fingers there are four spaces - call them F A C E
Therefore you have a "face" in your hand to help you remember the names of the lines and spaces

TIME SIGNATURE - The two numbers, one above the other, at the beginning of the stave and after the Clef. The top number tells us the number of beats (or counts) in a bar and the bottom number tells us the value of each beat

This is the most common time signature (four four).
The top number 4 means that there are four beats (or counts) to a bar.
The bottom number 4 refers to crotchets (because there are 4 crotchets in a semibreve)
thus the value of each "beat" or "count" is one crotchet.

When the bottom number is 4, the following shapes (notes) have the values shown -

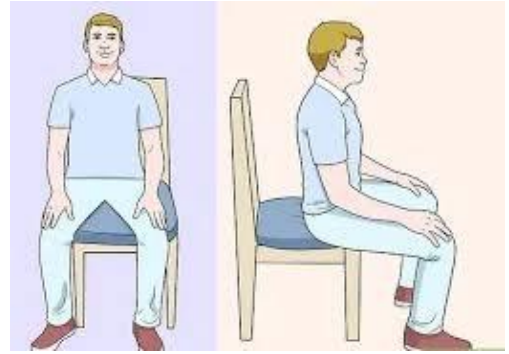

It make no difference whether the stem is up or down

The tail of a quaver starting on a beat is joined to the next quaver.

Notes for Cello

This tuition book differs greatly for other Cello text and tutors. The reason is that in this programme, there are other instruments being played at the same time and in the same lesson. Therefore this programme, which is a "line of best fit", allows any instruments to do the same lesson at the same time. Another advantage is that you will get to play with other instruments at this early stage of development.

Correct posture:

Sit on the front of the chair, feet flat on the floor and shoulder width apart. Your back and neck should be kept straight, face relaxed and forward and, shoulders level.

The cello should rest on your chest, on your left thigh with your right knee free of the cello. Your left hand should be placed in the middle of the strings.

Hold the bow with the thumb and the first two fingers of your right hand. Make sure you apply even pressure when drawing the bow across the string.

Note the angle at which the Cello rests against the player's body, Note also the angle and length of the end pin and, the position of the end pin holder.

As always, consult with your teacher if you are having problems or, are feeling uncomfortable.

STAGE ONE

Learning and using the note Concert "B \flat " (pronounced B Flat),
the note shape Semi-Breve  and its value of four counts,
the Semi-breve rest shape, , and its value of four counts (rest means silence),
|| End barline (the end of the music)

When most of our music ideas were being formalised, the main instrument was the Concert Piano. In addition, instrument makers had little commonality with the size of the instruments they made and, little commonality with the sounds made and, the names given to those notes. Some notes with the same name did not sound the same. All players had to know which note on the "Concert Piano", sounded the same as "C" on their own instrument. In this lesson, we will learn the note that sounds the same as B \flat on the piano i.e. Concert B \flat .

The term "Concert" means that even though your note may have a different name, the sound you make is the same as the note if played on a "Concert Piano". Some students' note is called "B \flat " but some may have a note called C or G or F. They make the same sound as Concert B \flat .

NO. 1.1- FIRST NOTE - B \flat (Concert B \flat)

Play by placing the left 2nd finger (AKA middle) on the 3rd String (G String) at the 3rd position. Produce the sound with the bow (called Con Arco) or, pluck the string (called pizzicato) with the right hand index finger. The cello does not have frets but, fret diagrams are shown to identify the finger positions.

Because the semi-breve has been drawn with the "B" line going through it and, there is a flat sign in front of the note, it is asking us to play the note "B \flat "

For the time being, the semi-breve is played for four full counts.

Why is the second bottom line being called "B" instead of "G"?

For this instrument, an "F" clef is being used instead of the usual "G" clef. Note its similarity to today's written capital F. This clef indicates the position of the F line by putting two dots around the line that is going to be called F. In this case it is the second top line which makes the 2nd bottom line a "B". Because the semi-breve has been drawn with the "B" line going through it, it is asking us to play the note "B". Put a flat sign in front of it and it becomes "B \flat ".

For the time being, the semi-breve is played for four full counts.

LEDGER LINE - (Not yet used on all instruments.)

When we want to use notes that are higher or lower than the five lines in the staff, we draw just the part of the next line or lines that are needed. This additional part of a line is called a "ledger line".

NO. 1.2 - SEMI-BREVE REST

2

Note that the semi-breve rest shape is hanging (slung) below a Line. Note - "S" for Semi-breve, "S" for Slung. It has a value of four full counts of silence

NO. 1.3 - COMBINING NOTE AND REST

3

Rest Bar: When you play the above exercise, keep your fingers etc. in the playing position and, do not lower the instrument when playing the rest bar. You are going to have to bring it back up again and there is not enough time to re-position the instrument to the correct position.

Posture: remember to maintain your correct posture -

- . Sit on the front of the chair with your feet on the floor and your back straight, face forward
- . Keep your shoulders level and, without twisting to the left or right
- . Keep your instrument level, vertical or, at the angle shown to you by your teacher
- . Maintain correct arm, hand and finger positions.

PRACTICE HINT 1 - 2

1- To play a note for four counts, don't forget to play the full value of the fourth count. If you stop at "four" you have only played three and a bit counts. To play four full counts, stop just as you are about to start number five.

2 - (For wind players) To develop your best playing sound, as well as playing the note for four counts, also play it as long as you can. Use a clock's second hand to time yourself.

STAGE TWO

Learning and using the notes Concert "B \flat " and "C";
 the note shape Semi-Breve  and its value of four counts,
 the Semi-breve rest shape, , and its value of four counts (rest means silence),
 || End bar line (the end of the music)
 the new note shape of Minim  or  and its value of two counts,
 the Minim rest shape, , and its value of two counts (rest means silence),
 the new sign "Tie"  joining two notes into one new note

NO. 2.1 - SECOND NOTE - C (Concert C)

Play by placing the left 4th finger (AKA little) on the 3rd String (G String) at the 5th position.
 Produce the sound with the bow (called Con Arco) or, pluck the string (called pizzicato) with the right hand middle finger.

NO. 2.2 - NEW NOTE AND REST.

NO. 2.3 - PUT THEM TOGETHER

NEW NOTE SHAPE, REST AND VALUE

Our new note shape is a Minim,  or  and its value is two counts.

It makes no difference whether the stem goes up or down but, let's follow the guideline that if the notehead is above the middle line, the stem goes down and if the notehead is below the middle line, the stem goes up. If the notehead has the middle line going through it, the stem may go either way, but it's stem direction should blend-in with the stem direction of the neighbouring notes.

NOTE: There are exceptions to this rule in that for Drums and Auxiliary Percussion, all stems go up and, for Pipe Band Music, all stems go down.

The Minim rest  is an upside down Semi-breve rest, i.e. it is mounted above the Line. Note - "M" for Minim, "M" for Mounted. It has a value of two full counts of silence.

NOTE SHAPE NAMES: In the early days of developing written notation, the longest note was the "Maxima" (Latin for largest). But, its length was variable so a shorter note called the "Longa" (Latin for long) was introduced whose length, was also variable so an even shorter note, "Breve" (Latin for brief) was introduced. Again, variations required a shorter note, so the "Semi-Breve" (half a breve) came into existence. As music evolved shorter notes were invented, the next being the "Minim" (Latin for minimum). Thus it was thought that this would now be the shortest note needed but, as we will learn later, this was not the case.

NO. 2.4 - PLAYING MINIMS -

Play for two counts, rest for two counts

25

NO. 2.5 - PLAYING MINIMS - Play the rest first.

29

NO. 2.6 - PALINDROME. (Why do you think that this has the name "Palindrome?")

33

Pluck with the the Index Finger and, then alternate between I and M (I = Index).

STAGE THREE

Using the notes Concert B \flat , C and the new note D

the values Semi-Breve (♩ = four counts), its equivalent rest shape, (—)

Minim (♩ = two counts) and its equivalent rest (—)

the new shape and value of Crotchet (♩ or ♩ = one count), and its rest shape (—)

' Breath mark (breathe only where this mark is), and the word "phrase" - a musical thought.

Ties, the new technique -Slurs and,
the new terms Tutti (whole band or group), Soli (a smaller section of the Band or group), Solo (by yourself) and Tacet (don't play)

Double Barline - something is changing
Lyrics (words) - sing, as well as play the tunes that have words.

NO. 3.1 - NEXT NOTE - D (Concert D)

66

Cello: Where there are two diagrams, the first is the traditional method, the 2nd is the contemporary method to avoid the future complications of using open strings.
4th finger on the 3rd string (G string) in the 7th position. Pluck with either the index finger (I = index), the middle finger (M = middle) and/or, with the bow.

PRACTICE HINT 3 - WARM-UP

A warm up to a musician is just as important as a warm-up is to an athlete. Before you start any playing session, you need to give your body, your mind and, your instrument, a warm-up session to get all things operating better.

A good, life long skill is that every playing session should now commence by playing the note at lesson 1, slow and gentle. Then more notes maybe included, stonger and faster.

Warm-ups in this book not only help to prepare for the coming lesson or practice session, but also revise the teaching points we have already learnt.

NO. 3.2 - WARM-UP 1 and, REVISION

67 69 71 73 75 77

NEW NOTE SHAPE AND VALUE

Our new shape is a Crotchet,  or  and, its rest shape  It has a value of one count. Again, it makes no difference whether the stem goes up or down.

SHAPE NAME MEANING: When it was decided that a shorter note shape was needed, it was originally given the Latin name "Semiminima" (Semi meaning half, therefore half minim). Also, all previous notes were hollow and as this was the first time that the note shape had been filled in, it also had the names "Negra" or "Noire". However it also reminded people of a small hook, so the French word "Crotchet" (meaning small hook) predominated. This is also the same place we get the name "crochet needle".

NO. 3.3 - ONE COUNT NOTE AND ONE COUNT REST.

79

Remember that to play a one count note properly, you must play to the next count i.e. two.

NO. 3.4 - USING CROTCHETS

NO. 3.5 - MORE CROTCHETS

PRACTICE HINT 4
 Always have a pencil and rubber with you.
 You will need to write little messages on your music which, may later want to rub out

SLURS

We have learnt that a Tie joins two notes of the same pitch (same name) together to make one new note.

A Slur is a special tie which joins two or more, different notes. A slur still forms one new note whose length is equal to the sum of the lengths of the notes that are slurred, except that the note changes sound at the joining point.

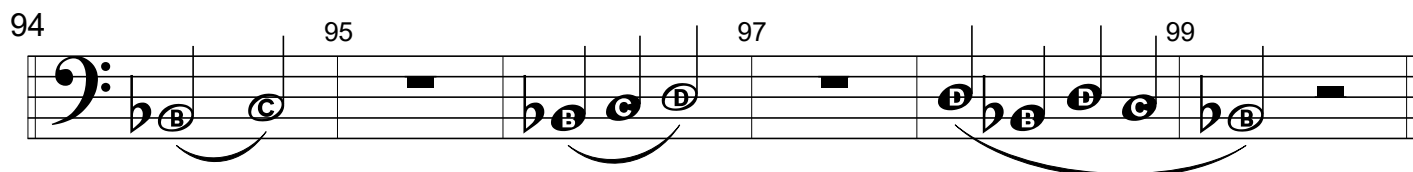

The sign for a slur is just a curved line, the same as for a tie . It makes no difference if the curved line goes under or over the noteheads.

In number 3.6 below, the first two minims are played as one note of four counts but, change the fingering after the first two counts have been played.

The next slur, two crotchets and a minim add up to four counts, but the fingers/position change after the first count and then, after the second count.

For the last slur, the total of the notes is six counts with four finger position changes.

NO. 3.6 - SLURRING

EXTRA STAVE

Just like the words in books, music doesn't always fit on the one stave (line) and we have to use extra staves below the first stave. When music is continued on the next stave, there is no "end barline" which therefore means go straight on to the next stave.

No "end barline"
go straight to
the next stave

NO. 3.7 - MY FIRST SONG

BREATH MARK and PHRASE

A phrase in music is the same as in normal speaking, singing, reading and poetry. When we speak or sing, we often can't fit all the words into one breath and have to find a place in the music or words to take a breath.

The group of words or the notes between breaths is called a "PHRASE". Putting the breath in the right place is called "PHRASING".

In music we indicate a place to breathe by placing a comma (,) above and just after the note we play before breathing.

Notice that the end of each phrase in No. 3.7 seems ugly and short. To fix this, the last note needs to be a four count note, but now 32 beats without a breath is too long. Lets take a breath after each two bars.

NO. 3.8 - MY FIRST SONG (With breath marks and, words)

TONGUING

On many occasions, the next note is the same as the note we just played. If we slur the second note, it just makes the first note longer, therefore, we must re-start the next note. We do this by "tapping" the back of the lips (or reed) with the tongue. Doing this is called "Tonguing", even though for percussion, you just restrike the note.

It is very important to make sure that you do not stop the airflow while doing this and, **NEVER** take a breath at the same time. If we do this we are breaking the phrase.

Always wait for the breath mark to take the breath. When tonguing, think of the word "toe" which will help keep the throat open and the air flowing. The next exercise has four crotchets in a row so therefore think "Toe Toe Toe Toe".

NO. 3.9 - FOUR IN A ROW

116 117 119

120 121 123

TONGUING AND CHANGING NOTES

One of the great uses of slurring is to show singers that the next note is part of the word or syllable already being sung. Therefore, if there is a new word or syllable, the note should not be slurred but tongued instead. It is also common to change the note at the same time.

In the next song, all notes have a new word or syllable, therefore every note is to be tongued.

NB: for practice purposes, we will still have some slurs that cover word or syllable changes

REMEMBER, do not stop the air flow or breathe until you get to the breath mark - TOE TOE TOE TOE

NO. 3.10 - RAIN IS FALLING DOWN.

124 125 127

Rain is fall - ing down. Rain is fall - ing down.

128 129 131

Pit - ter pat - ter pit - ter pat - ter, rain is fall - ing down.

ACCIDENTAL RULE:
NOTE - some instruments are not yet using flats.

For those players using flats, In bar 144, the flat sign has been placed in front of only the first of the "B"s. From now on we will have a rule that for each bar, the flat sign is only placed in front of the first of the notes that are the same.

ACCIDENTAL RULE 1: Once a flat sign has been placed in a bar, it refers to all subsequent notes on the same line or space and, is cancelled by the next Bar Line.

ALSO Rule 2 (Look back at EX 3.2 & 3.4) When a note with an accidental is "tied" to the next note, the Accidental does not have to be rewritten, even if there is a barline between them, because, they are joined to make one new note.

NO. 3.11 - HOT CROSS BUNS

132 133 135 137

Hot cross buns, hot cross buns. One a pen-ny two a pen-ny,

138 139 141 147

hot cross buns. If you have no daugh - ters, give them to your

143 145 147

sons. One a pen - ny two a pen - ny, hot cross buns.

PRACTICE HINTS 5 to 8

5. (For Wind Instruments) - Remember to think of saying "toe toe" when you play consecutive tongued notes. By doing this, the tongue, the throat and the air flow should all work correctly. Remember that when there is nothing on the music to indicate that there is a gap between these notes, we should not hear one. Remember also, that to hear all of the word attached to any note, we must play all of the note not just the start of the note

6. Before playing any tune, have a quick look for the elements used. e.g. which notes, which note value, changing notes with or without a rest and with or without ties and slurs.

7. Just like has been done in "Rain is Falling Down", when playing music that has words, always place a breath mark at the same place as there is a comma, or full stop, in the words.

8. When taking a breath, try to make the gap that you must have, as small a possible and, always start the next note at the right place.

NO. 3.12 - LINDY LOO

148 149 151

Lin - dy was a dan - cer, Lin - dy wore a dress.

152 153 155

Lin - dy made her dress from bits of grass and string.

TUTTI, SOLI, SOLO and TACET

Sometimes we can make the music sound better or more interesting by changing who is playing.

Sometimes we could ask a player, or a section, to not play at all, this is called "Tacet".

Maybe only a section or small group should play, this is called "Soli".

Maybe only one person is asked to play, this is called "Solo".

When we want every one to play again, it is called "Tutti".

NO. 3.13 - DOWN BY THE STATION

156 **SOLO** 157 159 **TUTTI**

Down by the stat - ion ear - ly in the morn - ing.

160 **SOLO** 161 163 **TUTTI**

See the lit - tle puf - fing bill - ies all in a row.

NO. 3.14 - WHEN I MAKE MY MUSIC.

164 SOLO 165 , TUTTI 167

When I make my mu - sic al - ways I feel good.

168 SOLO 169 , TUTTI 171

When I make my mu - sic bet - er I will try to be.

NO. 3.15 - SUOGAN (Welsh folk song)

172 173 , 175 ,

Su - o - gan do not weep, Su - o - gan go to sleep.

Why are there no drums playing in this piece?

176 177 , 179

Su - o - gan Da - dy's here, Su - o - gan have no fear.

NO. 3.16 - ONE DAY

180 181 , 183 ,

One, One day, My Band will play.

184 185 , 187

One, One day. We will play this in our band.

NO. 3.17- AU CLAIRE DE LE LUNE

188 SOLO 189 , TUTTI 191 ,

Musical notation for measures 188-191. Measure 188 is marked 'SOLO' and measures 189-191 are marked 'TUTTI'. The notation is in bass clef with a key signature of one flat (Bb). The notes are: 188: Bb, Bb, Bb, C; 189: Bb, C; 190: Bb, Bb, C; 191: Bb.

Au clair de la lu - ne mon a - mi Peir - rot,

192 SOLO 193 , TUTTI 195

Musical notation for measures 192-195. Measure 192 is marked 'SOLO' and measures 193-195 are marked 'TUTTI'. The notes are: 192: Bb, Bb, Bb, C; 193: Bb, C; 194: Bb, Bb, C; 195: Bb.

Pre - te moi ta plu - me pour e - crire un mot.

NO. 3.18 - HERE COMES THE BAND

- Note the breath mark positions.

196 197 , 199 ,

Musical notation for measures 196-199. Measures 196-197 and 199 are marked with breath marks (comma). The notes are: 196: Bb, Bb, Bb, C; 197: Bb, C; 198: Bb, Bb, C; 199: Bb, Bb, C.

Here comes the band, march ing down from the hill top.

200 201 , 203 ,

Musical notation for measures 200-203. Measures 200-201 and 203 are marked with breath marks (comma). The notes are: 200: Bb; 201: Bb, Bb, C; 202: Bb, Bb, C; 203: Bb.

Whoops! Some - one dropped the bass drum, a gain.

204 205 207 ,

Musical notation for measures 204-207. Measures 204-205 and 207 are marked with breath marks (comma). The notes are: 204: Bb, Bb, Bb; 205: Bb, Bb, Bb; 206: Bb, Bb, Bb; 207: Bb, Bb, C.

Left! Left!, Left right left! Who will beat the time now?

208 209 , 211

Musical notation for measures 208-211. Measure 209 is marked with a breath mark (comma). The notes are: 208: Bb, Bb, Bb; 209: Bb, C, Bb, C; 210: Bb, Bb; 211: Bb, Bb, Bb.

Rat a tat. Johnn - y in his red coat. Left right left!

ALPHA NOTES

So far we have been able to see the name of a note which is written inside the note. This has been useful but, it is not the usual way of writing music. We should all be able to recognise each note by its position on the staff.

From here onwards, we will start to delete the Alpha Notes and, replace them with standard notes

NO.3.19 - HEAR THE BELLS

212 213 215

Hear the bells ring in the town clock. The bells tell us it's O' clock.

216 217 219

Hear the bells count out the time, it must be O' Clock One, Two, Three.

NO. 3.20 - (You Give it a Name).....

221 223

225 227

PIANO ACCOMPANIED SOLOS

A common method of performing a whole piece as a solo is to have a backing part which is played as an accompaniment part to the solo part. The most common method is to have a piano player (pianist) play the backing part. The pianist is said to accompany the soloist.

It is also becoming common for the accompaniment to be played digitally as e.g. a CD, Ipad or MP3 file. The accompaniment may also be played by a guitarist which is why Guitar Chords are also shown on the piano part.

It is also common for the solo part and accompaniment to be shown on the one part so that both players can see what the other player is doing. It is also common for the accompaniment to play a short passage before the soloist starts playing. This is called an Introduction and has been done for the the piano accompanied solos at Numbers 3.21, 3.23 and 3.25.

MEDLEY

A Medley is a group of tunes or songs, played one after the other, to form one larger piece of music.

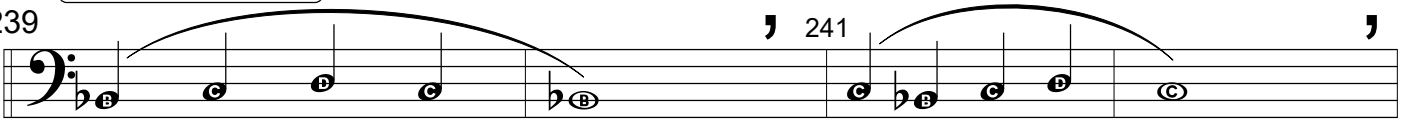

REHEARSAL MARKS

You will in this medley, see some alpha characters in boxes, These are called "Rehearsal Marks". Bar numbers show exactly which bar we may be discussing, but as our tunes get longer, it is sometimes quicker to identify a section of the music by using these alpha reference boxes.

NO. 3.22 - FIRST CONCERT MEDLEY

My First Song, When I make My Music, Down by the Station, Hot Cross Buns.

A My First Song

239  241

276 277 279

sons. One a pen - ny two a pen - ny, hot cross buns.

DOUBLE BARLINE

You may have noticed that at the beginning of each tune or song, there are two barlines. This is called a double barline and is different to an end barline. The double barline indicates that something is changing. In number 3.21, you should have noticed the double barline: where you start to play. In numbers 3.22 & 3.23, there are several double barlines which, in this case indicate the end of one song and the start of another.

SOLO TWO

NO. 3.23 - Solo Medley with Piano Accompaniment

My First Song, When I Make My Music, Down by the Station, Hot Cross Buns.

A My First Song

281 283 285 287

Soloist

Accompniment

Chords: Bb, D, F, Dm7, Cm7, G4, Bb, F7, Bb, Bb, F, F7

Techniques: 234, x00321, 3 2, x00321, 1 3 4 1, 3fr., 234, 3 2, 234, 234, 342, 3 2

Detailed description: This section contains measures 281-287. The Soloist part begins at measure 285 with a melodic line. The piano accompaniment provides harmonic support with chords and arpeggiated patterns. The key signature has one flat (Bb).

B When I Make

288 289 291 295

Chords: F, Bb, Bb, F7, Bb, Bb, F, Dm7, F, Bb

Techniques: 342, 234, 234, 3 2, 234, 234, 342, x00321, 342, 234

Detailed description: This section contains measures 288-295. The Soloist part continues with a melodic line. The piano accompaniment features chords and arpeggiated patterns. The key signature has one flat (Bb).

C Piano Solo

296 297 299 301

Chords: F, Bb, F, Bb, F, F7, Bb, Dm7, Gm7, Cm7, Bb4, F7, Bb, F, Bb, Cm7, Bb, F
